5 Turner alley

Dear Mr Grummann:-

Two of my paintings
arrived from New York
yesterday and I will express
them (collect) to you tomorrow
along with a third that
I have here. In the large
box will be "Stone City",
which was in the American
show in Chicago last
year; and a new one -
"Arnold Comes of Age" - a
portrait of a local young
man - Arnold Pyle.

In the other box
will be another portrait -

"John B. Turner, - Pioneer." (2)
This has never been shown,
but James Chapin, when he
was here recently, was so
enthusiastic about it that
he convinced me that I
should have it out where
it will be seen.

An interesting tie up
with this portrait and the
City of Lincoln is the fact
that Mr Turner is an
uncle of Mrs Chas S. Jones
and Mrs Nettie Brauns of
your city. In case you
may wish to use this
in some of your publicity
I will mail you a

photograph as soon as
I can get a black & white
print made. I find that
what I have are in sepia.

I would like very
much to make a trip to
Lincoln during your
exhibition and may be
able to do so if circumstances
shape themselves in that
direction. I have for some
time wished to see the
Capitol building of which
I have read so much.

Thanking you very
much for the interest you
have taken in my work.

Sincerely
Grant Wood
